

Slant/Fin®

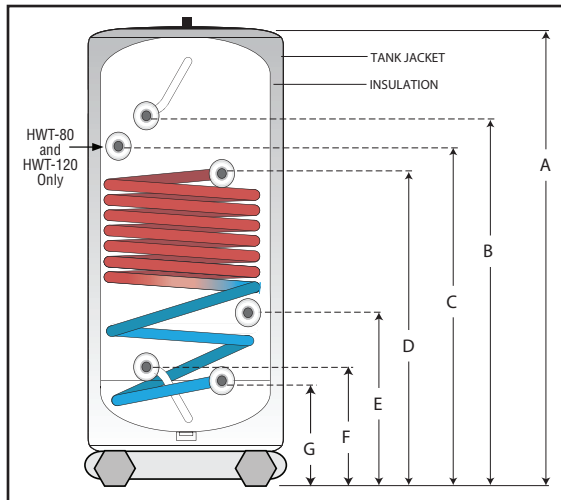

HWT SERIES

INDIRECT FIRED WATER HEATERS

Delivers all the hot water that's needed - quickly and efficiently with long lasting performance built in. Designed and engineered for high performance at low cost.. with a warranty for long life.

- Supplies abundant hot water
- Saves energy and money
- Minimal heat loss
- Environmental and installer friendly
- Exterior steel jacket with powder coat paint
- Environmentally friendly polyurethane insulation limits heat loss and is both CFC and H-CFC free
- Carbon steel tank with oven glazed titanium glass liner for added strength and durability
- All models supplied with two magnesium anti-corrosion anodes
- Available in a range of convenient sizes and footprints
- State-of-the-art European Manufacturing
